APPLIED.

Join Us for a Lunch and Learn all about M2M!

M2M Services provides reliable and cost-effective remote management, connectivity and hardware communication solutions to alarm companies worldwide. Their communicators are compatible with most CID and SIA formatted systems, making it an easy solution for your ever changing cellular needs. SDI together with CMS would like to invite you to a workshop presented by Darrell Gray from M2M Services.

Training Topics:

- M2M Services Overview
- CDMA/3G Sunset
- LTE cat. M Technology
- M2M UL Listings
- Communicator Features

Complimentary Lunch Will Be Provided!

Visit their website at:
