

Honeywell

WINTER GIVEAWAY

Enter to win a Hover-1 Electric Scooter or Nintendo Switch when you purchase Honeywell FireLite, System Sensor or Silent Knight products this month.

To place an order, call 1-800-452-8588 or email your sales rep or info@sdilink.com.

Item #:SD365
Addressable Photoelectric Smoke Detector

- New modern profile
- Analog communications
- Low standby current
- Rotary address switches
- Dual LEDs for 360° visibility
- Expanded color options including white, ivory and black (color kit)
- Includes 6" mounting base and trim ring

Item #:SK-PHOTO-W
Addressable Low-Profile Photoelectric Smoke Detector, White

- New modern profile for improved aesthetics
- Stable communication technique with noise immunity
- Low standby current
- Two-wire SLC connection
- Optional remote, single-gang LED accessory
- Dual LED design provides 360° viewing angle
- Remote test feature from the panel
- Built-in functional test switch activated by external magnet
- Built-in tamperresistant feature

Item #:H365
Addressable Heat Detector; White; Includes Base

- Sleek, low-profile, stylish design.
- State-of-the-art thermistor technology for fast response.
- Integral communications and built-in device-type identification.
- Built-in tamper resistant feature.
- Built-in functional test switch activated by external magnet.
- Designed for direct-surface or electrical-box mounting.
- Plugs into separate base for ease of installation and maintenance.
- Separate base allows interchange of photoelectric, ionization and thermal sensors.

Item #:BG-12LX
Addressable Manual Pull Station

- Maintenance personnel can open station for inspection and address setting without causing an alarm condition.
- Built-in bicolor LED, which is visible through the handle of the station, flashes in normal operation and latches steady red when in alarm.
- Handle latches in down position and the word ACTIVATED appears to clearly indicate the station has been operated

Item #:SK-HEAT-W
Addressable Heat Detector (Fixed); White

- Sleek, low-profile, stylish design
- State-of-the-art thermistor technology for fast response
- Integral communications and built in device-type identification
- Built-in tamper resistant feature
- Available in white with ivory and black color kits also available
- Includes 6" mounting base and trim ring

Item #:CO1224T
Carbon Monoxide Detector w/Test 4-Wire, 12/24VDC

- A 10-year end-of-life timer
- RealTest® enables a functional test using canned CO
- A code-required trouble relay
- Wiring supervision with SEMS terminals
- 12/24 VDC
- Versatile mounting for wall and ceiling

Item #:SD365CO
Addressable Photo/Thermal/IR/CO Detector; LiteSpeed Only; White

- 10 year CO cell life span
- New modern design with white finish
- Low standby current
- Rotary address switches for fast installation
- Meets UL 2075 & 268 for CO detection

Item #:CO1224TR
Carbon Monoxide Detector w/Test 4 Wire, 12/24VDC

- Full compliance with UL 2075
- A code-required trouble relay
- Wiring supervision with SEMS terminals
- A six-year end-of-life timer
- 12/24 VDC
